# Report of School Board

---

The annual school meeting was held in the Primary School-house on the evening of March 14, 1914, at 7.30 o'clock.

Herbert W. Smith was chosen Moderator and Charles W. Palmer Clerk of the meeting. Christopher A. Pollard was elected a member of the School Board for the ensuing three years. Eugene C. Patridge was elected Treasurer of the School District and Bert P. Doe was elected auditor of the accounts. At the close of meeting, the School Board met and organized as follows: Daniel R. Smith was chosen Chairman of the Board and committee on fuel and repairs, Alice J. Patridge was elected committee on superintendence and Christopher A. Pollard a committee to buy the text books and supplies.

It was voted to employ the same teachers. Mrs. Emie O. Gleason has taught throughout the year with her usual success.

Miss Gladys Weeks taught the Grammar School through the winter and spring terms, but at the close of the spring term she resigned her position to accept a better one elsewhere. She was a successful teacher while with us and held the esteem of the scholars and townspeople. Miss Mabel Davis of Dover, N. H., was chosen at the beginning of the year to teach the Grammar School and has done so with marked success. We hope to retain her, but the wages we pay are comparatively small.

During the year the course of study as laid down by the Department of Public Instruction has been followed, so far as it was deemed practical by the teachers. Very good order has been maintained throughout the year, the scholars have been interested in their work, their moral welfare has been looked after and less roughness has been noticeable than in some of the previous years. The teachers and the committee have worked agreeably together and taken as a whole it has been a fairly satisfactory year.

The committee would call the attention of parents to the fact that frequent absence and tardiness are deplorable and detrimental to good scholarship, and recommend that the

parents themselves insist on regular and punctual attendance on the part of their children, remembering that sickness only and unavoidable circumstances are considered a good excuse for being absent. Parents should not be too lenient in these matters, for only by prompt and regular attendance can the average scholars hope to attain a sufficient understanding of their work to assure them of promotion, nor can they otherwise hope to receive the greatest benefit from their school work, and be properly fitted to enter and maintain a creditable rank in a higher school. We want also to caution the parents against too much adverse criticism of the teachers and of the schools in the presence of the children. The influence of many a good teacher has been lost by catering too much to the dislikes of the children while at home. Be loyal in your support of the teachers, uphold their work to the children, don't nurture their petty complaints, but if you have any suggestions to offer go to the teacher or better still come to the School Board and state your grievances. But don't speak disparagingly of the teacher to the scholars.

During the past year twenty-three of our boys and girls have attended the High School and the Robinson Female Seminary in Exeter. We wish to impress on the minds of the young gentlemen the necessity of promptness. We have noticed that some of them frequently miss their train in the morning, while on their way to school. Time and tide and trains wait for no man. Wake up, boys, and be prompt, remember loitering is a bad habit and should not be encouraged. We are pleased to note, however, that two of our scholars have the front rank in scholarship, while others are reported as getting good marks.

The Boy Scout movement in town has been maintained through the year, this should be akin to their school work. It teaches them to obey their parents and teachers, to respect their elders and those in authority and to assist those in need, to be kind and gentle to dumb animals and birds, to perform kind acts in general, and above all to care for themselves and assist others wherever they may be. We hope that a Camp

Fire may be started for the girls; it is praiseworthy, it accompanies the Boy Scout movement and should be encouraged. This work teaches the children to be faithful and industrious and always to be prompt. Thus they may grow to be the honest, upright men and women of the future.

A movement is on foot in the legislature to compel the towns to have expert supervision of their schools, to employ a man trained for this work. Whether this becomes a law or not, we hope the voters at the School Meeting will authorize the committee to make such arrangements in the matter as they may deem wisest and best.
